## EdgeConneX Benefits

### Capability

State of the art data centers with the flexibility to support deployments ranging from a single rack, to large custom cages or pods, all the way to build to suit data centers any of which can further scale to meet future needs for growth.

### Connectivity

Many leading NSP's and MSO's are deployed in our Tianjin Data Center and available for interconnection.

### Capability

Purpose-built Tier-3 designed facilities with superior operating reliability, high-density power, and carrier-neutral support to satisfy any customers challenges and demands.

### Cloud

Multi-Cloud access solutions for enterprises may be supported locally through our technology and solution partners meaning customers can locally access leading CSP's directly from our Tianjin Data Center.

### Customer Experience

We aim to deliver a premium customer experience and proximate data center solutions, allowing you to deliver a premium experience to your own customers.

### Partners

Our world-class partners help EdgeConneX deliver the combination of solutions your business needs.

## Technical Specifications & Configuration

### Space

Dandit aut pra idictas quasiti arovit quam voluptas am, sint, consed que quissendent

Dandit aut pra idictas quasiti arovit quam voluptas am, sint, consed que quissendent

Dandit aut pra idictas quasiti arovit quam voluptas am, sint, consed que quissendent

Dandit aut pra idictas quasiti arovit quam voluptas am, sint, consed que quissendent

Customer work space available

Space available for secure customer storage

WiFi network access and cell phone repeaters/boosters throughout the facility

### Power

Dandit aut pra idictas quasiti arovit quam voluptas am, sint, consed que quissendent

Dandit aut pra idictas quasiti arovit quam voluptas am, sint, consed que quissendent

Dandit aut pra idictas quasiti arovit quam voluptas am, sint, consed que quissendent

Dandit aut pra idictas quasiti arovit quam voluptas am, sint, consed que quissendent

Dandit aut pra idictas quasiti arovit quam voluptas am, sint, consed que quissendent

Real-time branch circuit monitoring

### Cooling

The facility has robust and redundant power and cooling to support any application. Where temperature and humidity is monitored, controlled and managed to industry standards.

Temperature and humidity monitored, controlled and managed to industry standards

30 inch raised/under floor forced air plenum

N+1 CRACs located in separate suites, maximizing customer-designated areas

### Security

Multi-stage security containment systems that use PIN and live video authentication

Mantraps and strictly enforced protocols regarding entry access

24/7 Color CCTV/video surveillance and >90-day online video storage

Interior managed security zones

National network operations center for security management

24/7 NOC services

### Fire Suppression

Pre-action, zoned dry-pipe sprinkler systems with zoned maintenance aisles and separate suites

### Network

Building POEs are diverse, with a variety of fiber conduits to physically diverse MMR's

Dandit aut pra idictas quasiti arovit quam voluptas am, sint, consed que quissendent

Megaopt SDN fabric provides multi-cloud access to all major CSPs

### Optional Services

Remote hands services for break fixes, configuration, and troubleshooting

EdgeConneX Services: design, build, implement and maintain your equipment infrastructure

EdgeOS, our next generation data center operating system provides real-time visibility, including ticketing and SLA management for all EDC locations

### Standards and Certifications

Our facilities are SOC2 Type 14, ISO 27001, PCI DSS and HIPAA compliant.
